

# EMAIL SOLICITATION FOR SPEAKERS | CAREER PANELS | CLASSES

Good Morning!

I have had a request from Nicole Serner, Teacher at Perkins-Tryon High School and am reaching out to you for assistance. Nicole is the BMITE instructor and teaches classes in Desktop Publishing (Adobe InDesign) and Image Management (Adobe Photoshop) and Fundamentals of Technology.

Nicole would like to have guest speakers come to her classes. Her goal is to show students the career opportunities with an IT or Creative Technologies degree.

## THE DEETS:

- September 30 and/or October 28. Let me know which date.
- Classes go from 8:10-3:30 with a break from 10:15 to 11:30 (lunch is at that time as well). Speakers can remain the entire time, or let me know what blocks of time the speaker is available, and I'll make sure to schedule presenters for the remaining open blocks of time.
- Speakers could come to the school to talk directly to students, or Nicole will work with you to set up a Zoom-in every hour to talk to students and answer questions. Let me know your preference (in-person or zoom)

Would your organization be willing to provide a speaker? Would you please connect me with that person so we can work out the details? you are more than welcome to forward this message to others whom you think would be interested.

Thank you, in advance, for your consideration. With so many vacancies in Information Technologies and Creative Technologies, this is a way to generate excitement for these fields and encourage students to consider technical careers.
